

Updating DEC-0104(1U) Decoder FW:

Please follow the instructions below to update your DEC-0104(1U) decoder.

Important notices:

- 1) The update can be done locally only.
- 2) The update will take 7-15 minutes. Please keep the decoder connected to power through the whole update process.
- 3) The update will restore the decoder settings to factory default.

Update instructions:

- 1) Extract the 2 files from the .RAR file (appfs3536 & appfs3536.pkg)
- 2) Copy the 2 files to an **empty** USB formatted to FAT32.
- 3) Plug the USB into the decoder.
- 4) Restart the decoder.
- 5) Wait for the process to finish.

Please contact your local support for any questions.

Best Regards,

Provision-ISR Technical Team.
