

## FIRMWARE RELEASE ANNOUNCEMENT (FRA)

Announcement ID: FRA-2026-03-MON-TCH7

Release Date: March 2026

Product Category: Monitor

Monitor 1.4.6.66332\_RD26030918

### LIST OF IMPROVEMENTS:

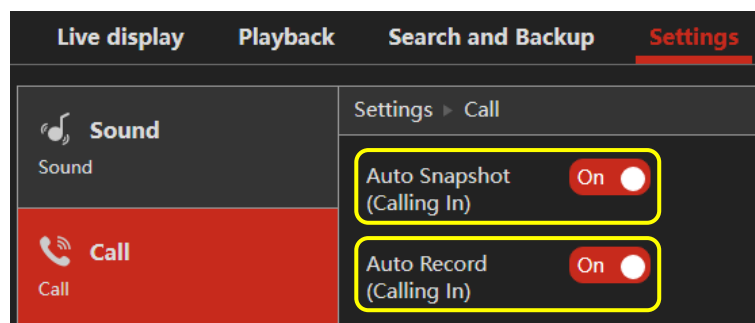

#### 1) IMPROVED: CALL LOG PLAYBACK

The monitor now supports **viewing snapshots and video recordings directly from the call log**, allowing quick access to past call activity.

#### Requirements:

- An **SD card** must be inserted into the monitor and formatted.
- **Snapshot and video recording** must be enabled for calls.

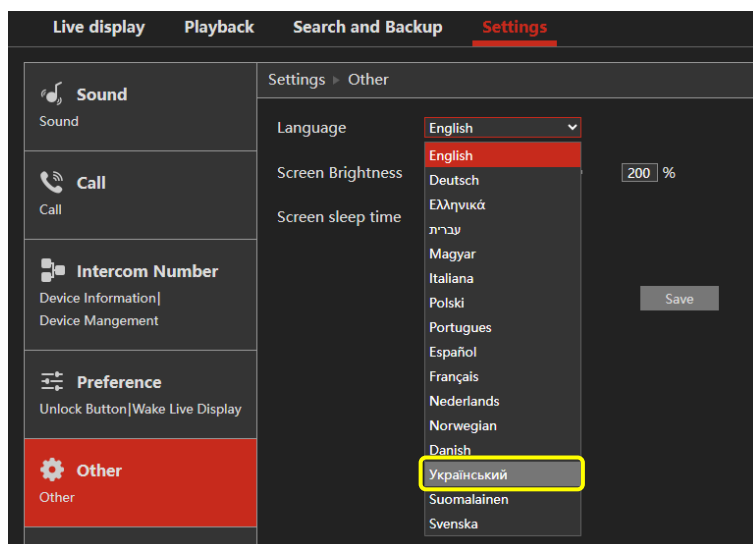

## 2) IMPROVED: 4-SPLIT PAGE NUMBER

The 4-split live view **now displays the current page number** for easier navigation. This layout can also **be selected for the Wake Live Display**.

## 3) NEW: UKRAINIAN LANGUAGE SUPPORT

The interface now supports **Ukrainian**, making setup and operation easier for Ukrainian-speaking users.

## 4) REVISION HISTORY
