

Ossia FW v1.4.3 info

Upgrading to v1.4.3 fw version can be performed locally / remotely – **and can performed from fw v1.3.x / or higher.**

All settings will be kept.

Please note:

Ossia v1.4.3 (as well as v1.4.1) will not work with the old CMS3, and will require installing > set & use the new Ossia CMS version - Which you can download from: [Here](#)

Best Regards,

Provision-ISR Technical team
